### Research News

**Energy, Environmental & Chemical Engineering Professor Earns \$52,644 Subaward**

Professor Pratim Biswas will work on a research grant with the University of Cincinnati to study "Diesel, Allergens and Gene Interaction and Child Atopy."

**Biomedical Engineering Professor Earns \$1,362,285 Grant**

Professor Yoram Rudy will continue the development of a noninvasive imaging modality for imaging cardiac arrhythmia.

### Professor Chris Gill Elected Speaker

On September 12, Computer Science and Engineering Professor Chris Gill was elected Speaker of the Engineering Faculty Senate.

[Read More](#)

## **Computer Science Professor Collaborates with Arts & Sciences Faculty**

Professor Weixiong Zhang will work with Ralph S. Quatrano, the Spencer T. Olin Professor and dean of the faculty of Arts & Sciences on a new project funded by the National Science Foundation.

[Read More](#)

## **Engineering Professor Collaborates with Department of Pediatrics**

Professor Phil Bayly is a collaborator for a new research project funded by the Children's Discovery Institute, "Functional, Structural, and Genetic Characterization of Pediatric Ciliopathies."

[View More News](#)

## **Electrical & Systems Engineering Professor Earns Office of Naval Research Grant**

Professor Ayre Nehorai received a \$363,222 grant for research titled "MIMO Radar Processing with Realistic Clutter Modeling."
