

## Engineering Dual Degree Program Options

ADMISSIONS OPTIONS	DEGREES EARNED	FINANCIAL SUPPORT
<p><b>Undergraduate 2-year Option</b></p> <p>Students enter WashU as undergraduate engineering students. Qualified students can optionally apply to a one-year master's program after completing one year at WashU.</p>	<p><b>One undergraduate non-engineering degree</b> (from home institution)</p> <p><b>One undergraduate engineering degree</b> (from WashU)</p> <p>Note: Typically, students earn both undergraduate degrees at same time to receive maximum financial aid.</p>	<p><b>Students may be eligible for federal UG financial aid (application deadline March 15) all five years, provided they earn both UG degrees at the same time.</b></p> <p>Note: Qualified students have the option to stay one additional year at WashU to earn a master's degree in engineering. During the additional year (i.e., year three at WashU) these students are classified as graduate students and are eligible (if qualified) for 10% to 50% tuition scholarship support based on a sliding GPA scale for courses taken during the first year at WashU.</p>
<p><b>Graduate 3-year Option</b></p> <p>Students enter as graduate students and complete a liberal arts degree (from their current school), and engineering undergraduate degree &amp; engineering master's degree in three years at WashU.</p> <p>GRE not required.</p>	<p><b>One UG non-engineering degree</b> (from home institution)</p> <p><b>One UG engineering degree</b></p> <p><b>One master's in engineering</b> (from WashU)</p>	<p><b>During the three years at WashU, students are classified as graduate students. While undergraduate aid is no longer available to the student at that time, WashU honors the student's early commitment to the program by offering the graduate affiliation scholarship, which reduces tuition as follows:</b></p> <ul style="list-style-type: none"> <li>• First year     50% tuition scholarship</li> <li>• Second year   55% tuition scholarship</li> <li>• Third year     60% tuition scholarship</li> </ul> <p>(Affiliation scholarships above apply to all students admitted under this option.)</p>

**ADMISSIONS CRITERIA:**

- The same prerequisite courses are required for all program options
- Minimum 3.25 GPA from the home liberal arts institution

**ADMISSIONS DEADLINE**

**(FOR ENTERING FALL SEMESTERS):**

- **Feb. 28:** both Undergraduate 2-year Option and Graduate 3-year Option
